

GENERAL INDEX.

[NOTE.—Authors' and Speakers' Names in SMALL CAPS; Titles of Papers in *italics*.]

	PAGE
Abstractors for warming Blast, in Pacific Mills	689
Action of Roll train	659
<i>Adaptation of Steam Boilers to warming Dwelling-houses.</i>	619
Address by Mayor of Atlantic City	355
<i>Address, President's, Xth Meeting.</i>	31
Adjustment of Planimeter	498
Advantage of thick walls in Boiler setting	823
Agricultural Machinery, benefits of	38
Air Thermometer	281
ALDEN, G. I., <i>Technical Training at Worcester.</i>	510
Amesler's Planimeter	496
Analysis of Coals at Pacific Mill	762
" Flue Gases	786
ANDERSON, J. W., <i>Adaptation of Steam Boilers to warming Dwelling-houses</i>	619
Anemometer, Wollaston	725
Aneroid, Incased, as Draft Gauge	728
Apparatus for Measuring Radiation from Brick-work of a Boiler Setting....	808
" <i>used in Testing Materials.</i>	479
Appendix (I.) To Code of Rules for Boiler Tests	275
" (II.) Special case of Planimeter	508
" (III.) Agreement for Tests of a Warm-Blast Apparatus	830
" (IV.) On the Combustion of Fuel, Hoadley	832
" (V.) Memorial Notices of Members deceased	872
" (VI.) Discussion on the Adoption of the Code for conducting Boiler Trials	877
ARVINE, F. W., disc. <i>Friction of Lubricating Oils.</i>	160
Ashes and Residue in Test of Boilers at Pacific Mills	801
BABCOCK, G. H., disc. <i>Adoption of Code for Boiler Trials.</i>	880
" " " <i>Belts as Grain Conveyers</i>	411
" " " <i>Boilers for warming Dwelling-houses</i>	625
" " " <i>Data for Steam Heating.</i>	857
" " " <i>The Flow of Metals.</i>	667
" " " <i>Frictional Resistance of Engines and Shafting.</i>	475
" " " <i>Manufacture of Cotton-Seed Oil.</i>	434
" " " <i>Motion of Steel Springs.</i>	869
" " " <i>Pressures and Speeds of Journal Bearings.</i>	849, 856
" " " <i>Report of Committee on Steam Boiler Trials.</i> ...	327, 349
" " " <i>Shell and Water-Tube Boilers.</i>	596
" " " <i>Welded vs. Riveted Work.</i>	845
Balanced Valve of Engine at Wyandotie	52
<i>Balance, The Torsion</i>	636

	PAGE
Ball Stamp.....	371
BANCROFT, J. S., disc. <i>Frictional Resistance of Engines and Shafting</i>	575
" " " <i>Motion of Steel Springs</i>	869
" " " <i>Pressures and Speeds of Journal Bearings</i>	850
" " " <i>Shell and Water-Tube Boilers</i>	594
BARNES, P., disc. <i>Bessemer Plant at Troy</i>	68
" " " <i>Sound Casting</i>	103
Barometer, corrected at Lawrence.....	729
Barrel Calorimeter, Test of.....	339
BARR, W. M., disc. <i>Sound Castings</i>	105
BARRUS, G. H., disc. <i>Boilers for warming Dwelling-houses</i>	626
" " " <i>Data for Steam Heating</i>	858
" " " <i>Frictional Resistance of Engines and Shaftings</i>	473
" " " <i>Manufacture of Cotton-Seed Oil</i>	434
" " " <i>Report of Committee on Steam Boiler Trials</i>	339, 347
" " " <i>Shell and Water-Tube Boilers</i>	612
" " " <i>Technical Education</i>	544
<i>Bearings, Relations of Speed and Pressure on (184-2)</i>	849
Belleville Boilers.....	577
Belt Transmission, Friction in.....	475
<i>Belts as Grain Conveyors</i>	400
" Centrifugal force of.....	477
" slip of.....	477
" Rubber, in Grain Elevators.....	412
Bending Rolls for Steel.....	112, 121
BERGNER, THEODORE, <i>Recent Improvements in Drawing Boards</i>	224
<i>Bessemer Plant, at Troy. The original</i>	61
Blast Furnace Boilers.....	593
Blower, power consumed in driving.....	824
Blowing Engine at Wyandotte.....	50
Boiler, common Marine.....	571
" Cornish.....	569
" Drop tubes in.....	570
" Field.....	574
" for W. W., Center Square, Philadelphia.....	588, 593
" Horizontal tubular.....	569
" Horse-power.....	265, 302
" House of Pacific Mills.....	687
